Dear Devan,

On behalf of the Ontario Community Outreach Program for Eating Disorders, thank you for taking the time to host a presentation on “Introduction to LGBTQ and LGBTQ Health Needs” on June 13, 2018 to members of our provincial eating disorder network.

We look forward to having you return as a speaker in the fall to discuss ways in which our mental health clinicians and health practitioners can support the LGBTQ health needs of clients with eating disorders.

Sincerely,

Gail McVey
